Worksheet Instructions

Floodplain Management

Is the project located in the 100-year floodplain (zones A or V) mapped by the Federal Emergency Management Agency (FEMA)? Is the project a “critical action” located in the 500-year floodplain (zone B) mapped by FEMA? Is the project located in a coastal high hazard area mapped by FEMA? Is the project affected by local flooding? Or will the project involve substantial increase in impervious surface area? If so, does the project design include measures to control water runoff?

Coastal Zone Management

Does the project involve rehabilitation, or change of use in or adjacent to a coastal area administered by the state under an approved management program? Is the project consistent with the state’s coastal zone management program?

Airport Clear Zones and Accident Potential Zones

Is the project within 3,000 feet of a civilian airport that is regulated by the Federal Aviation Administration (FAA), or 2-1/2 miles of a military airfield? Is the project located within a designated Airport Clear Zone or Runway Clear Zone?
