

COVID-19 Housing Assistance Program Report

September 2021

COVID-19 Housing Assistance Program Report

Program Background

The COVID-19 Housing Assistance Program provided housing assistance to prevent homelessness and help maintain housing stability of individuals and families impacted by the public health-related emergency. The Program was funded with federal dollars through the Coronavirus Relief Fund, which was authorized by the federal Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). \$100 million was available for direct assistance and program administration. In the end, \$81.8 million was spent and \$18.2 million was returned to Minnesota Management and Budget and reallocated for other CARES Act eligible uses.

The Program assisted households that were impacted by COVID-19 through unemployment, illness, or other COVID-19 related circumstances. Grant administrators across the state assisted households that had a housing-related expense with a due date of March 1, 2020, or later, that was past due.

To qualify for the Program, households had to meet all the criteria listed below:

- Be a Minnesota resident.
- Be a renter or homeowner with household income at or below 300% of federal poverty guidelines, with preference given for households below 200% of federal poverty guidelines.
- Have a housing-related expense incurred after March 1, 2020 that is past due. Program funds may only be used for expenses incurred between March 1, 2020 and December 30, 2020 pursuant to the CARES Act, as it may be amended.
- Be unable to make the payment(s) owed because of the public health emergency due to unemployment, illness or other COVID-19 related issue.

Eligible expenses to maintain housing security included: rent payments, mortgage payments (including escrowed property taxes and insurance – this assistance was limited for households in forbearance), contract for deed payments, manufactured home park lot rents, manufactured home payments, utility payments (gas, electric, water/sewer, garbage/recycling and other utilities as approved by Minnesota Housing), association fees, homeowners insurance and additional housing-related costs approved by Minnesota Housing.

Other Program characteristics included:

- 52 local administrators to provide statewide access and coverage.
- A centralized intake through Greater Twin Cities United Way 211 that was available via phone, text and web access and a common household application that was available online or on paper copy.
- Housing assistance payments made directly to the landlord, mortgage servicer, utility company, manufactured home park owner or other relevant entity to which the payment was owed.

- No caps on the assistance available to households, and households that continued to meet the eligibility criteria were allowed to apply for assistance more than one time if they presented a new, past-due eligible housing expense.
- No administrative costs for Minnesota Housing staff, but up to 20 percent of the total grant funds disbursed to a grant administrator could be used for direct program administration costs. In the end, administrative costs were 14% of total funding.

This report provides six tables that summarize activity under the COVID-19 Housing Assistance Program, which received applications for housing assistance from August 24, 2020 through December 7, 2020. These final program numbers are as of June 30, 2021 (close of fiscal year) and the expenditures reconcile to those included in Minnesota Housing's audited financial statements for the fiscal year ending June 30, 2021, as well as to our audited Schedule of Expenditures of Federal Awards for that same period.

The numbers may change slightly as final administrative costs are reconciled and entities cash the last assistance checks.

Table 1: Expenditure Overview	
	Expenditures
Administrative Costs of 52 Administrators	\$9,680,198
HousingLink System	\$1,122,096
United Way 211 Centralized Intake	\$631,673
Direct Assistance	\$70,330,791
Contract for Deed Payment	\$838,885
Homeowner Associations Fees	\$304,980
Homeowner Insurance	\$66,364
Manufactured Home Lot Rent	\$918,376
Manufactured Home Payment	\$186,135
Mortgage Payment	\$6,191,530
Other	\$299,249
Rental Payment	\$49,557,515
Utility Assistance	\$11,967,756
Total	\$81,764,758

		Administrative Costs	Assistance to Households	Assisted Households	Average Assistance Per Household
