

Lead Safe Homes Grant Program Request for Proposals (RFP) Application Signature Page

Instructions: Applicants must review and sign this page and upload via the upload instructions found in the [Application Instructions](#) and [Application Reference Document](#). This signature page may be signed digitally, electronically, or via wet signature and saved as a PDF.

Estimated Grant Period: 2027-2030

Application deadline: Wednesday, September 30, 2026, 5 p.m. Central time

Informed Consent to Share Data

The organization identified below (the “Applicant”) is submitting an application to the Minnesota Housing Finance Agency (“Minnesota Housing”) for funding or other resources through an RFP process.

By submitting this Application, the Applicant consents to the sharing of application-related data and materials by Minnesota Housing with non-Minnesota Housing partners that assist with the evaluation of responses. Data shared with outside reviewers and entities remains non-public data during the evaluation process and may not be shared by those entities except as authorized by relevant data practice statutes.

This consent is voluntary and can be withdrawn at any time by providing written notice to Minnesota Housing. If you have questions about this document or use of the data, please contact Minnesota Housing’s Data Practices Compliance Official at: MNHousing.Data@state.mn.us.

Applicant Certification and Signature

I certify and acknowledge, on behalf of the Applicant, that:

- A. The statements and information contained in this application, based upon reasonable inquiry and belief, are true, correct, and complete.
- B. I have been duly authorized and have full authority to execute this Application on behalf of the Applicant.
- C. If awarded funding, the Applicant will comply with the Grant Contract Agreement terms and the Lead Safe Homes Grant Program Guide.

- D. As the Applicant's duly authorized representative, I will promptly notify Minnesota Housing in writing of a change of any fact or circumstance represented in this Application, or in any other document furnished in connection with this Application, which is reasonably likely to have a material effect on the information contained in this Application.
