

[The latest news for Minnesota Housing community development partners]

New Manufactured Home Community Redevelopment Program

The Manufactured Home Community Redevelopment Program provides grants to fund infrastructure improvements or acquisition of manufactured home parks to assist the needs of aging manufactured home communities around Minnesota. The program will prioritize projects based on health, safety and critical need improvements, as well as projects that leverage support from local municipalities, and/or projects converting a community to a cooperative ownership model.

The Minnesota Legislature has funded the program with \$3.75 million in state appropriations for the next two years. There is also the potential for an additional \$15 million in Housing Infrastructure Bond proceeds set aside for the program until January 16, 2024. Depending on eligible and qualifying projects and available funding, **Minnesota Housing anticipates funding \$10 million in projects through this program in the 2021 RFP.**

Funds are available through an annual competitive request for proposals (RFP) process. The RFP is now open and applicants can apply online [here](#). Additional information and application instructions are found on the website. **Applications are due by 12:00 p.m. on Thursday, September 30, 2021.**
